

Task #	23 - 02	Date:	26 th January 2023	
Meet:	King George V Park			

Our volunteers came out in force today for 3 different tasks at King George V Park.

We had a massive delivery of woodchip from by Idverde and Charnwood Borough Council that needed to be shovelled into bags and raked into place all over the sensory gardens to help keep weeds away and moisture in the ground for the summer.

We also had a small team clearing away some of the bramble from around the boundary edge.

We have removed some roots where they were starting to encroach towards the path, but the brambles near the wall will be back later in the year providing fruit and habitat.

All green waste is collected and recycled via Serco and Charnwood Borough Council

We also put the signs out to try to help protect the daffodil bulbs that are just beginning to come through.

These were all planted by volunteers, local families and children in recent years and do provide some wonder spring colour if allowed the flourish

Thanks to the team today: (L-R) Bob, Steve, Stewart, Nick, Andy, Karen, Ali, Margaret, and Pat, plus Bill & Andrew not on the photo today.

Next Task:

Thursday 10:00 9th Feb

Location: **Millennium Park, Melton Road entrance**
