

Task #	23 – 08	Date:	4 May 2023	
Location:	Piets Close			

Fabulous sunny day and an impressive turn out today - 14 of our finest volunteers out along Pigs/Piets Close. We trimmed the hedges on the entrance, and worked along the path digging up the largest of the bramble roots out so hopefully the path should remain bramble free for at least a few weeks.

We made a great start on tidying up the small wooded area very close to the path, cutting branches and bramble right back and away from the path. More of the same here next time.

At the other end towards Mill Lane, we had a team cutting back the bramble around the water buoy after it's recent flailing.

We all met up in the middle, opposite the Holbourne Close entrance to continue removing brambles and we made a start on ringing the ivy.

Thanks to the team today: Ian, Nick, Margaret, Pat, Philip, Karen, Steve, Alistair, Andy, Stewart, Andrew, Bill, and Julie.

Thanks to Charnwood Borough Council and Serco for providing the brown bins.

Next Task:

Thursday 10:00 18th May

Location: **Piets Close entrance on Bridge Street**
