

Task #	21-13	Date:	22 nd July	Review Date:	Dec 21				
				Meet:	Navigation Inn				
				Summary:			Trim overgrowth from hedges along towpath towards Deep Lock		
				Volunteers:	12				
				Time:	09:00	11:00			
				Weather:	Hot, hot, hot				
				Meadow View Farm					

We decided to meet up an hour early today – and I’m so glad we did – it was another scorcher! Thankfully, a lot of the task was under shade so it wasn’t too bad.

Full team today to do the length of the towpath between the Navigation Inn and Deep Lock.

Due to nesting season it was only to remove the nettles and brambles and any summer overgrowth that was sharp/stingy and likely to catch a passerby.

There were lots of boats out on the water today – making the most of the warm sunny weather – all happy to wave to us.

Lots of walkers and joggers out as well – busy pathway so good to make it more accessible for everyone.

After finishing at Deep Lock a few of us went and removed the weeds from the pavement on the bridge over the river – and gave it a good sweep.

Next Task:

Thursday 5th August 10:00

Location: Bottom of New
Street at Melton Road
junction

Thanks today to : Linda, Steve, Jenny, Rod, Andy, Sarah, Karen, Bob, Pat, Nick and Philip
