

Location: Footpath at the bottom of Mill Lane Play area
Task # 31
Date: 13th Nov 19 **Review Date:** May 20
Map:

Today's task was double hatted as it was also a preparation day for the Barrow in Bloom Community Event to re-gravel this footpath. The before photos, taken a few weeks ago, show how overgrown the hedge adjacent to the footpath has become, as well as how much mud from leaf debris has accumulated along the path.

We cleared a considerable amount of ivy from the hedge to make room for the expected volunteers using plant to take up the gravel/leaf debris mix and replace the gravel boards alongside the path, before resurfacing the footpath with a layer of gravel.

Barrow In Bloom 2020

Please join us at Mill Lane Play area to help re-gravel the muddy footpath to the canal
At 0900 on Saturday 16th November

- Tarmac and A&V Squires are providing materials, plant, advice and manpower
- Tindle Tree Care are providing services
- The Navigation are providing facilities and refreshments

Please join us to improve this path to make it usable again for pushchairs and motor scooters so we can all enjoy walking alongside our canal

If you can, please bring your own shovels, wheelbarrows, trugs and wear suitable clothing/footwear/gloves

Please Note: Event may be postponed if bad weather is forecast

Please come along on Saturday 16th November to support this community Project as part of Barrow in bloom 2020
