

Barrow Community Litter Pickers

Date:	Monday 8 th April 2024
Location:	Betty Hensers Lane

We concentrated on the Betty Hensers Lane area today (opposite Granite Way off the A6 roundabout) and continued to find lots of old fly tips as well as some limited flood rubbish and general road trash.

The hedgerows all along the bottom of the overpass are all considerably cleaner now after 3 visits with another 23 bags today plus about the same in various other large items pulled out.

Thanks to the team today - Ian & Alison , Bob, Keith, Jayne, Steve & Wendie, and Sally who joined us today as a touring Womble from Loughborough. Thanks to Charwood BC for the kit, and Serco for collecting the rubbish.

Next Event:
Date & Time: Monday 6th May
Meeting Point: Tbc
