

Barrow upon Soar Station Adoption Group

Sunday 8th October 23

The last of the topsoil has been moved to the planters at the railway station today - and what a great day for it!

It's taken a huge amount of effort - 42 steps each time you go down, then up again, to carry each bag from the top of the station on Grove Lane - but we've finally completed it - great team effort from everyone involved, including family members that have also helped 'up top'. I think between us we have moved over 7 tonnes.

Volunteers also continued with the weekly leaf litter sweep 🍁🍂🍁. Our gardening gang will finally be able to put in our new plants next Sunday 🌸🌷🌻

Thanks to today's team:
Steve, Dylan, Nick, Julie,
Jane, Ian, Alison and
Owen.

Date of next task: See the leaf sweeping rota
