

Barrow upon Soar Station Adoption Group

Sunday 25th May 2025

Busy morning for our volunteers today at Barrow Railway Station.

The bicycle area was given a good spruce up: overhanging branches and ivy were cleared from the fencing, and moss was removed from the the ground, hopefully making the whole area a bit safer for passengers it.

Platform 1 was swept and members of the gardening team weeded and cleared ivy from the full length of the sleeper planters - which are looking stunning.

Both sets of steps were dry brushed to remove mud and leaf debris.

On Platform 2 more artwork from the recent flower painting workshops was installed - and what a magnificent sight that is - again, simply stunning.

And, earlier in the week, volunteers replanted our wonderful pink planters on platform 1 with a selection of perennials and annual planting - so colourful.

Thank you to all our wonderful volunteers: Ian, Karen, Nick, Stewart, Linda, Bill, Andrew, Julie, and Alison

Date of next task: *Sunday 22nd June 10:00*
